Name: Mary Howicz, Brookdale Principal

Email Address: mary_howicz@ipsd.org

Phone: 630-428-6800

Student(s) Name(s) and Grade(s):

Amount of Request (attach documented cost estimates): \$4,000

Which funding priority does your proposal fall under: (please select one)

- ☒ Providing support for classroom materials, teacher training or professional development
- ☐ Field trips, speakers and other enrichment activities
- ☐ Before and after school programming
- ☐ Parent/volunteer enrichment or training
- ☐ Wellness and school safety
- ☐ Support Brookdale families with financial need

Please provide a brief overview of your project.

Our school takes part in the BYOD initiative. We recognize some of our families do not have a device to send to school. The purchase of 15 more iPad minis would help give each grade level 5 iPad minis to share on a daily basis.

If funded, how would your project help Brookdale students?

Currently, we have 15 iPad minis for our school. There are 5 each assigned to first grade and kdg grade levels. The remaining 5 are to be reserved for 2nd, 3rd, 4th or 5th grade on a 'as-needed' basis. This would allow each grade level to have 5 to use.

If your request is approved, what will be required to implement? If on-going, what would be required?

Mrs. Furstenau would need to make the purchase of 15 iPad minis through the district's account. Once received, she will assign 5 iPad minis to each grade level for regular use within their classrooms.

Is there any other information we should consider in reviewing your proposal?

NA

Please complete this form and email pta.brookdale.bobcat@gmail.com by Friday, October 16. The Brookdale PTA Budget Committee will review your proposal and will contact you directly if your proposal will be presented at the Special PTA Meeting on Monday, October 19.

Please provide a brief overview of your project.

Purchase four more "welcome" signs for the Brookdale Entryway/Lobby
Languages would likely be: Samoan, Vietnamese, Kannada & Polish

If funded, how would your project help Brookdale students?

A greater number of students would feel included when they saw their home language represented on a wall they pass by on a daily basis. Could be used educationally for all students as a discussion of various languages & cultures. Would provide an increased visual representation of the diversity represented at Brookdale. Families of more nationalities would be acknowledged and hopefully feel a sense of belonging at Brookdale.

If your request is approved, what will be required to implement? If on-going, what would be required?

Someone would need to coordinate with families of said languages to determine the correct spelling, usage of letters, etc. An order would need to be placed. Signs would need to be hung. No longterm maintenance required.

Is there any other information we should consider in reviewing your proposal?

The desire to have these words was communicated to all parents attending curriculum night. It could be beneficial for the community at large to see the PTA working to meet the desires of the administration and also show those families from various backgrounds the strong desire the school has to be inclusive.

Please complete this form and email pta.brookdale.bobcat@gmail.com by Friday, October 16. The Brookdale PTA Budget Committee will review your proposal and will contact you directly if your proposal will be presented at the Special PTA Meeting on Monday, October 19.

- ☐ Before and after school programming
- ☐ Parent/volunteer enrichment or training
- ☐ Wellness and school safety
- ☐ Support Brookdale families with financial need

Please provide a brief overview of your project.

In order to actively engage all students, we are looking for \$1,750 per grade level to purchase additional anchor texts and ELA materials to help increase the ELA skills of ALL students.

If funded, how would your project help Brookdale students?

The money would be used by the grade levels to purchase additional manipulatives for younger grades (individual magnetic letters or word cards) and additional copies of anchor texts. This would allow teachers to plan activities with larger groups of students.

If your request is approved, what will be required to implement? If on-going, what would be required?

The teachers would have to work with their teams to determine what they need/want to purchase and then work with Mrs. Howicz & Mrs. Furstenau in order to make the purchases. There is no on-going need for this purchase.

Is there any other information we should consider in reviewing your proposal?

NA

Please provide a brief overview of your project.

We would like to purchase the Leveled Literacy Intervention kits for 1st & 2nd grades. Research shows students not secured in their reading skills by 3rd grade are four times more likely to drop out of HS without a degree. We want to catch our young readers early so this doesn't happen.

If funded, how would your project help Brookdale students?

The Leveled Literacy Intervention is research based intervention with strong results in increasing the skills of our youngest readers. This will help us to better prepare our 3rd, 4th and 5th grade students to meet or exceed on State-wide tests and to effectively and naturally use their reading skills across all curricular areas.

If your request is approved, what will be required to implement? If on-going, what would be required?

Mrs. Walsh will purchase the two kits and then work with the RI teachers and support staff in training and using these kits with integrity so we see the results in our students' reading skills.

Is there any other information we should consider in reviewing your proposal?

NA

Please provide a brief overview of your project.

I would like to propose that we give a gift to our 5th grade class from the surplus, with the specific intent that we use it to purchase their red Hill t-shirts. I feel that the 5th grade class deserves this as they will receive minimal benefit from the other gifts.

If funded, how would your project help Brookdale students?

This will help our 5th grade class be prepared for Hill MS. Each student needs to wear a red t-shirt for PE at Hill, and this gift would provide that to each of them, as they bridge from elementary school to middle school.

If your request is approved, what will be required to implement? If on-going, what would be required?

This would be a one time purchase of t-shirts. I would suggest we order them from the same place they were ordered from in 2015... however I also think we should compare prices to our new spirit wear vendor.

Is there any other information we should consider in reviewing your proposal?
